Why Cambodia?

- It is a pilot: you get to be a part of the founding team that builds long-lasting sustainable relationships with community members
- You work with the Ponheary Ly Foundation in addition to Learning Enterprises (two non-profits in one [or more...] summer)
- You serve a community which is still struggling to overcome the aftermath of recent civil war and genocide
- As with every LE Program, no program fees. Just get there and we will take care of the rest!

teach. learn. serve.
